VRI Hall Working Bee

Monday 8th & Tuesday 9th August

MMM are volunteering at the VRI Hall on the 22nd August for a week, we would like to prepare the Hall for them by:

1. Remove external paint

Paint on the outside of the building is lead based, so we have purchased disposable coveralls and dust masks. We will drop paint onto black plastic and remove from site. If available, please bring the following...

- Paint scrapers/wire brushes
- Random orbital sanders with dust bags
- Ladders/steps/scaffold
- Safety glasses/goggles
- Hearing protection
- Extension leads/power boards

2. Erect pool fencing

We've been donated some pool fencing. There isn't a lot to go in, but between the building and the existing fence one side, and the building and the shed the other side. This will allow us to have kids playing in a safe area for MOPS. If available, please bring the following...

- Shovels, Crow bars
- Wheelbarrows, Cement mixer
- Spirit level, Tape measure, String line

3. Roof Plumbing

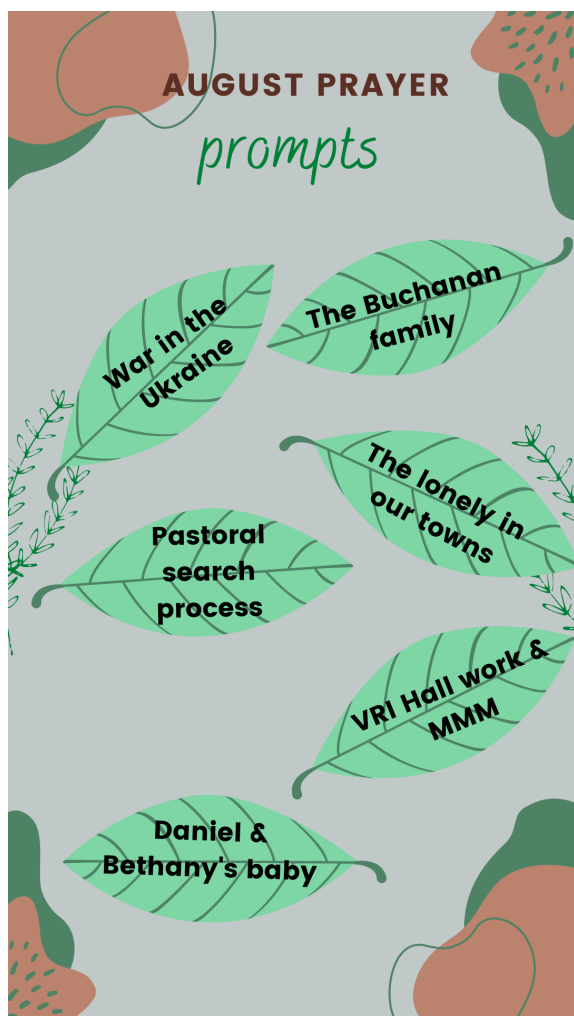

As is the nature of nailed down tin roofs, some of the gal nails are starting to pull out. We would like to pull them out and screw down with tec screws. If available, please bring the following...

- Extension ladder, Height safety harness
- Cordless impact driver/drills, Nail bag, Hammer
- Wrecking/pinch bar for removing nails

Please note Kim Bish's award winning Marsbar slice will be available on the day for all volunteers. Made a casual \$250 in an auction recently!
